## **Praying for the Capital Fellows**

The Capital Fellows program is an intensive and intentional year of growth in many areas - faith, work, leadership, service and community. In each aspect of the program, fellows are encouraged and challenged to go deep with the Lord, to seek his wisdom and guidance, and to grow personally and professionally. Please keep this little brochure as a way to get to know about the fellows and as a reminder to pray for them through the year. Please pray that God would...

- give them new insight into his character and calling on their lives.
- give them abundant grace for one another as they work, serve, and grow together.
- give them a clear vision for their lives, as followers of Christ and as servant-leaders in the areas to which he is calling them.
- enable them to be a blessing, as living sacrifices, to those around them, especially their host families and mentors.
